# WHO WE ARE

In India Marble is considered as a status symbol! The very reason why these days marble is commonly used for flooring. These stones which are globally appreciated for their quality are nurtured here in our company. Right from flooring till the precious corner pieces and wall sculptures, marble is widely preferred stone in luxurious households.

Welcome to Manglam Marbles Company. It was established in 1987 by Chordia Brothers. In order to cater the ever growing demand of Indian stone, in the global market! The company that started its operations as a small scale venture, proved to be the best example of what a professional management can attain, with great determination. Manglam Marble Company is having its headquarters in Kelwa, Rajasthan
